## A smile for Haiti

### Workshop management goes into Haitian hands

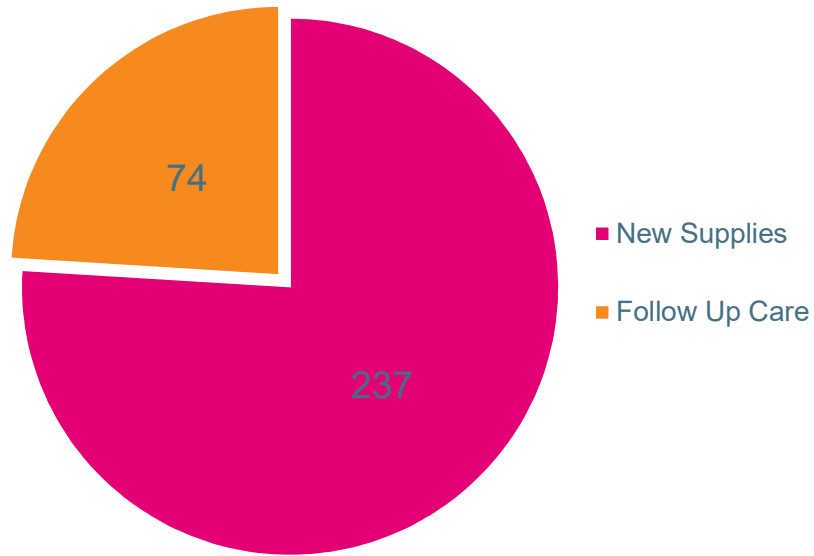

“We are not relinquishing the workshop management to withdraw from the project; we are doing everything we can to ensure that the Haitians can help themselves in the long term.

## Volunteers

In 2017 a total of 3 volunteers were sent to Haiti, who continue to support the production and training of our technicians in the workshops in Deschapelles and in the St. Vincent Children's Hospital in Port-au-Prince.

# Development 2017

## Partnership

We were able to win Össur for our project as a partner to support the prosthesis production.

Together we will develop a concept that ensures the independence and sustainability of the orthopedic workshop, which has been operating since 2010.
